

ELIEZER JAMES

BLOCKCHAIN SOFTWARE DEVELOPER

Awka, Nigeria | [Linkedin](#) | [Portfolio](#) | [Email](#) | [Phone](#)

Experienced Blockchain Software Developer with over 3 years of expertise in various levels of smart contract development and auditing, decentralized finance (DeFi), and the development and integration of DeFi applications and protocols. Proven track record of creating responsive blockchain applications. Seeking a dynamic and challenging role in blockchain development to leverage my skills and contribute to the success of the organization.

AREAS OF EXPERTISE

- Smart contract development and auditing
- DeFi and DeFi application development
- NFTs
- Web3 integrations
- Blockchain Interoperability and bridge contracts development

KEY ACHIEVEMENTS

SUCCESSFUL NFT LAUNCH

Development and launch of an NFT marketplace, resulting in over \$1 million in transactions within the first quarter.

LAUNCH OF DEFI PLATFORM

Development and deployment of a defi platform that facilitated secure lending and borrowing, achieving a user base growth of 200% within the first six months.

SMART CONTRACT AUDITS

Conducted comprehensive audits of smart contracts for multiple high-profile blockchain projects, increasing security and efficiency to over 40%

EXPERIENCE

BLOCKCHAIN DEVELOPER

Streel network 2023 - 2024

- Developed a collateral backed stable coin protocol that generated over \$3m in 8 months.
- Developed a Decentralized Voting System that increased the DAO growth by 150%

BLOCKCHAIN DEVELOPER

Aqua Protocol 2021-2023

- Developed a lending and borrowing protocol that increased the user base up to 200%.
- Spearheaded the launch of a successful NFT market place with over 250k user base and more than \$7m in revenue.
- Smart contract audit of stable coin protocol with 40% increased efficiency

EDUCATION

Nnamdi Azikiwe University (NAU)

- **B.eng** Electrical Engineering

Confucius Institute (NAU)

- **HSK** Level 4

ADDED SKILLS

**Solidity | Javascript | Python | Research
React/Next | CSS | Hardhat | Web3.js |
Remix**
